

## Amplify - the all-inclusive Commercial ATE insurance

25 years' experience and innovation;  
cover for your client's own Counsel's  
fees, disbursement funding and no  
upfront premium payments.

## Amplify your Commercial ATE offering

Temple is proud to offer Amplify - our new "all-inclusive" ATE insurance product with instant access to up to £250,000 of cover per policy for your clients' commercial dispute cases. In addition, there is also:

- **Cover for counsel's fee's** - enabling you to instruct counsel who are not willing to accept instructions on a CFA basis.
- **Disbursement funding** - this frees up your cash flow and allows your client to pursue meritorious cases which otherwise may not proceed.
- **Simplicity and speed** - become a Temple Amplify coverholder and there is no need to refer cases to our underwriters; it's all done through our on-line insurance portal.
- **Bespoke premiums** - tailored to your clients' cases and only payable if the case is successful.
- **Cover for all types of cases** - typically undertaken by commercial dispute resolution teams where a client faces the risk of having to pay the other side's costs.
- **One ATE insurance scheme for your firm** - we can provide cover for all of your dispute resolution clients and across all departments - and not just commercial disputes.

Your trusted insurance partner

# Commercial Legal Expenses Insurance from Temple Legal Protection

Having instant access to market-leading ATE cover from Temple will enable you to add value to the services you offer existing clients but also attract new clients. There may also be cases where a commercial client is unable to pursue with you - but with Amplify now they can.

All commercial case types are covered with Amplify - from insolvency, contentious trusts and probate through to professional negligence and property disputes. Speak to us about cover for your personal injury and clinical negligence clients for whom we offer similar ATE insurance schemes.

Obtaining ATE cover for clients can be time consuming, complicated and costly. Become a Temple Amplify coverholder and you will be able to insure your client's case in a few minutes without it having to be submitted to our underwriters for assessment.

## We work with solicitors whose judgement we trust.

As a Temple coverholder you will have delegated authority and be free to manage your insured cases. It's all done via TOPS, our industry leading online policy admin system. You assess the case, confirming that the case meets some agreed criteria then it's one click and the case is covered.

We can agree bespoke premiums that reflect the value of that claim, including low value cases and cases that are allocated to the Intermediate Track under the Fixed Costs rules.

## Please note

- Amplify is exclusively available for direct solicitor instructions to Temple.
- Whilst we look forward to funding your clients' disbursements, we are not a full Third-Party Litigation Funder and cannot fund an insured client's own legal costs.
- Maximum cover under any Temple policy cannot exceed £2m.
- We may not be able to offer insurance if a client is domiciled outside the UK.

## Don't just take our word for it:

*"Wilson Browne Solicitors have a long-standing delegated authority scheme with Temple to provide insurance cover for our property litigation clients. The policy quite simply works - it is extremely straightforward to use, and comforting for clients to have the option of disbursement funding.*

*The whole thing is a 'no-brainer', especially for clients concerned about the financial risks of litigation. Once in place the policy gives great peace of mind: it allows us to deliver on our promise of being "all the help you need".*

**Kevin Rogers - Wilson Browne Solicitors**

## Next steps
